

SERVICE BULLETIN #16

RE: HARDSURFACING WELDING RODS

Little Beaver, Inc., offers welding rods to be used for hardsurfacing Little Beaver earth augers. This rod has proven excellent in wearability, good shelf life and running characteristics.

One rod will cover approximately 24 linear inches. An average auger (6") will require approximately two (2) rods. For best results, welding machines should be set between 90 and 130 AMPS plus polarity.

ORDER PART # 9029-WR# \$ 2.45 net

ORDER PART # 9029-WRLB# (1 LB OF RODS (9) \$ 21.50 net

Additional information on the rod may be found on the reverse side of this bulletin.
